Interim Assessments

Beginning March 8th, 9th and 10th 1st – 5th grade students will take their next interim assessment. This assessment will cover all of the standards they have been taught. This assessment is used for teachers to look at the data and determine the achievement gaps and help plan the next quarter of teaching. Following the assessment window, the district has provided a half day data day on March 24 to review and analyze the data. Students will be released at 12:45 on this Thursday and have a regular early release on Friday, March 25.
